"oh no, I'm not a doctor. I just pretend to be one when I don't know what you're talking about."

Mr. Bond, Daryn Bond.

Daryn Bond multimedia performer, composer, theorist, and video hack under siege at bondinstitute.net. With a passion for harmony, mathematics and the interactive potential of computers, he studies and designs interactive devices while constructing a multi-disciplinary project under the working title 'PLease DO not **use Wet Paint'. Recent works presented at the International Computer Music Conference 2011, Subtle Technologies 2011, CCCP Trifecta, Cluster New Music + Integrated Arts, send+receive v.11, Halifax Sound Bytes, Vox Novus 60x60 & the Winnipeg Symphony Orchestra's New Music Festival.

"to know the future one must first invent it."
